The Board would like to thank the peer reviewers of manuscripts submitted to the journal. Without their assistance the peer-review process could not have been carried out.

We would like to thank Ms Marjorie Downie for copyediting the manuscripts: her skilful editing was much appreciated by the editor and the authors alike. We are grateful too to Ms Cathleen LeGrand for her careful proofreading of the final copy.

We are thankful also for the continued assistance of Mr Rudyard Burton, Ms Italya Russell and Mrs Vernice Williams of Management Information Systems for maintaining the Journal's server.

Finally we are grateful to our many colleagues in The College of The Bahamas who support *The College of The Bahamas Research Journal* and value the contribution of all faculty—both instructional or non-instructional—to furthering the scholarly mission of the institution.

The Editorial Board notes with much regret the passing of our colleague

Ms Susan J. Plumridge

who co-authored an article published in this volume and in earlier volumes.
